

# Gogo DASH

Put the best possible connectivity experience firmly in your sights.

Business aviation customers expect reliable, seamless connectivity. To help meet this demand, Gogo has introduced a powerful toolkit that gives your inflight personnel and on-the-ground operations and support teams the ability to see what's happening with your Gogo systems and networks—so you can proactively take control of your experience.

## Gogo Dash: Connectivity control for a single aircraft or an entire fleet

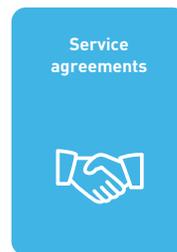

**Connectivity insights**

SEE what's happening with Gogo systems and networks including flight activity, performance, data passed, and connected devices

**Activations**

INITIATE your aircraft connectivity, set up services for testing and identify the installed hardware

**Service agreements**

TAILOR your connectivity and entertainment services by selecting data plans and options to best fit your mission

**Account and billing**

ACCESS billing information, see what services are on your aircraft, and how much usage is being billed

**Gogo MIX**

CUSTOMIZE your inflight experience by setting up unique Wi-Fi networks, user groups and managing preferences

**User management**

ASSIGN access to DASH based on your team members' roles and permissions

**Equipment maintenance**

REMOTE update your AVANCE software, to ensure your system is optimized and future ready

# Gogo DASH mobile app

The Gogo DASH app enables inflight personnel to quickly check the health status and availability of all Gogo services and systems on board. Through the insight and tools provided through the app, your airborne team can better communicate with support teams on the ground to troubleshoot issues should they occur.

## AVANCE OVER-THE-AIR (OTA) ALLOWS YOU TO:

Perform remote software updates, keeping your AVANCE system up to date

Remotely set connectivity configurations from your desk or phone

Proactive troubleshooting to ensure your system is performing optimally

Automatically update new Vision content, such as movies, TV shows, eMagazines, and more

## REQUIREMENTS

Gogo DASH is available to Gogo Business Aviation AVANCE customers, using at least one of the following products:

- Gogo AVANCE LX5/L5/L3
- Gogo AVANCE SCS Elite/SCS Media

## WANT TO ENSURE THE BEST POSSIBLE INFLIGHT EXPERIENCE?

Gogo customers can sign up for Gogo DASH today by visiting [gogoair.com/getdash](https://gogoair.com/getdash) or contacting Gogo customer support (see below). Download the DASH mobile app by visiting the Apple App Store or the Google Play Store.

\* While DASH is optimized for AVANCE systems, Gogo Business ATG customers can enjoy many benefits that Gogo DASH provides. Leverage the tool now and be an experienced user when you upgrade to an AVANCE system in the future.
